## **Here is the Preliminary Guide to Chodosh**

I had sent you earlier drafts of this Guide. Those should now be disregarded. This is the final version going to the printer. You will note many companies and facilities that were listed as Yoshon last year are missing from this preliminary issue. That is because the mashgichim for those companies did not respond to our requests yet for confirmation of their hashgocho. We hope to have the lists completed for the final Guide due approximately in December.

If anyone wants a PDF copy of this Guide, they should send email to [chodosh@moruda.com](mailto:chodosh@moruda.com)
