New Preliminary Guide to Chodosh

Attached is a PDF file of the new Preliminary Guide to Chodosh. As noted in the preface, it is preliminary. It is meant to let you get going with the new Chodosh season. The final Guide will BE" H be completed when the mashgichim provide us with their input, some time after sukkos. This Preliminary version is scheduled to go to the printer this week, for those who have paid to have the printed version be mailed to them via US mail.

Many people have sent me questions by email the past few weeks. I apologize for not having had the time to answer them. Hopefully, this attached Guide will provide most of the answers they sought.
