COR Yoshon Update Bulletin August 30, 2018

Products are being to change.

Barley convertors have started processing new crop barley. That may start reaching the retail level in 2-3 weeks. The same applies to oats. Currently products on the shelves are yoshon. Stock up now.

Currently the only flour mill that has changed is Ardent Mills in Saskatoon. This will affect

Commercial bags of Bakers Hood , Sunspun, Robin Hood, any flour with a COR323 - Only if the plant code is 'SK' do you require a date code of 8-238 or lower. "MT" is still yoshon.

Retail All Purpose Robin Hood flour only – Only if the plant code is 548 do you require a date code of 8 235 or lower. Full code will appear on bags as 8 235 548.

Thank you
