2 Recalls on Products with Yoshon Dates

Nestlé USA Announces Voluntary Recall of Ready-to-Bake Refrigerated Cookie Dough Products Due to Potential Presence of Foreign Material

October 31, 2019 - Nestlé USA is initiating a voluntary recall of ready-to-bake refrigerated Nestlé Toll House Cookie Dough products due to the potential presence of food-grade rubber pieces. This voluntary recall only covers specific batch codes of the following products, which include ready-to-bake refrigerated Nestlé Toll House Cookie Dough bars, tubs and tube-shaped “chubs.” These products were distributed in the continental U.S. and Puerto Rico.

Not impacted by this recall are the following products: Nestlé Toll House Morsels, Nestlé Toll House Ice Cream Sandwiches, Nestlé Toll House Edible Cookie Dough, and Nestlé Professional SKUs.

The recall is limited only to the ready-to-bake refrigerated products below, with batch codes that begin with 9189 through batch codes that begin with 9295. [TYNI Note: The lot code is the 4 numbers directly after the best by date. These products are OU-D, and have a 360 day shelf life, so the best by date would be before August 10, 2020, which would make them yoshon.]

M&M'S® Holiday Cookie Dough (14oz)

Batch codes can be identified on the product packaging. Please utilize reference images below and look for the four-digit batch code after the “use or freeze-by” date and before the number 5753.

Product Names Impacted Batch Codes

Ready-to-Bake Refrigerated Cookie Dough Bars	9189 through 9295
Ready-to-Bake Refrigerated Cookie Dough Tub	9189 through 9295
Ready-to-Bake Refrigerated Cookie Dough “Chubs”	9189 through 9295

Nestlé USA is taking this action out of an abundance of caution after receiving reports of food-grade pieces of rubber in some of these products. We have identified the source of the rubber and have already fixed the issue.

No illnesses or injuries have been reported that required medical treatment.

Consumers who may have purchased the products listed above should not prepare or consume them but should instead discard the product. Please retain your proof of purchase and contact Nestlé Consumer Services at estleproductinquiry@casupport.com.

King Arthur Flour Updates Three Lot Codes of Voluntarily Recalled Unbleached All-Purpose Flour (5 lb.)

November 1, 2019 - King Arthur Flour Updates Three Lot Codes

King Arthur Flour, Inc. was notified by ADM Milling Co. that three additional product lot codes of Unbleached All-Purpose Flour 5 lb. were omitted from the original data they provided for the press release on October 3, 2019. The additional lot codes and their corresponding “Best Used By” dates are listed below:

Best Used by Date 12/09/19: Lot codes L18A09A & L18A09C

Best Used by Date 01/08/20: Lot code A19A08A

This new information only applies to “Best Used By” dates already disclosed in the prior release. No additional Best Used By dates are introduced as a result of these three updated lot codes.

As stated in the prior release, we have undertaken this voluntary recall because of the potential presence of E. coli 026.

King Arthur Flour has not received any confirmed reports of illnesses to date related to this product.
