## Yoshon Update from COR Canada

Perhaps we were a bit too premature on getting out the Newsletter! As we said, Canada was due for an update...

### January 27, 2020 – COR Canada Yoshon Update #2

This major update contains a huge list of establishments and loads of product updates. A wonderful innovation from the COR is that any changes are listed in blue for easy reference. The Direct Download Link is below:

For those who read the Newsletter that came out earlier, just watch Kemach Food Products Corp. come out with an update later today too. Hopefully this Alert isn't premature as well!

In all seriousness, we are currently working on an updated *Yoshon Flours List*, and this new Canadian update will definitely cause an update to the *Yoshon Cereals List*, so stay tuned for these upcoming documents. We will get them out as soon as we can. We are also currently updating Yoshon.com with information from Project Chodosh and now COR of Canada.
