## New Yoshon Cereals List

Yes, we were premature getting out the Newsletter and Alert. With the COR Canadian update, it was absolutely necessary to prepare the new Yoshon Cereals List. We are still waiting on some information on a potentially *yoshon* flour. Since no previously-*yoshon* flours that were on the list became *chodosh*, it's not as urgent to update.

### January 27, 2020 – Newly Update Yoshon Cereals List for 5780

This update eliminates many Canadian cereals that were previously listed as being *yoshon*. It also adds a few new ones from the USA that were missed the first time around. The Direct Download Link is below:
