GENERAL YOSHON NEWS

Chodesh Tov!

This Chodosh Season in Review

It may be our last Newsletter for this season, but certainly not for the year. There hasn't been much news this month, but this season has seen an incredible amount of activity! Just for The Yoshon Network Inc./Yoshon.com alone, there has been growth of this Newsletter, the birth of the two What'sApp Groups, our new "[Yoshon Videos](#)" page, and best of all a very large number of new people wanting to take on the *Mitzvah* of *Yoshon*! Perhaps the most encouraging news over this season is a trend of more *kashrut* agencies to be accepting of *yoshon*-keepers and their questions, and even more are doing *yoshon*-certification and *hashgacha* on mainstream brands and their products. BE"H, this trend will keep growing!

Although *Pesach* is only two weeks away and most everything will be *yoshon* for several months, we will still continue to report all news that comes about. Our Newsletter subscribers and What'sApp Members will be the first to find out any new developments, from the *Chodosh Bulletin Updates* of Project Chodosh, to newly *yoshon*-certified items. We will continue to have the Newsletter even during the off-season, post Alerts whenever any news occurs, and both of the What'sApp groups will still be available for questions and learning. You are going to be ready and prepared for the new season whenever it starts.

We look forward to another year filled with new things on Yoshon.com concerning TYNI's mission to help make the *Mitzvah* of *Yoshon* even easier for everyone to keep.
