Chodosh Update

“Oats have a cut off date of July 24, 2020. At this point all oat products need to be checked before purchasing except for General Mills and Post cereals that are Yoshon through September 1.

Wheat has a cut off of August 6, 2020 with a purchase date of August 19, 2020. After that date, products need to be checked.

Barley has a cut off date of August 9, 2020 with a purchase date of August 20th. After that date, products need to be checked.

The Durum wheat harvest is behind normal schedule and is proceeding very slowly. There is NO chodosh durum wheat on the market at this time and products made with Durum wheat such as Pasta, DO NOT need to be checked yet.

Please note that the production of the guide is delayed until we have a cut off date for durum wheat.

Updates will be issued when available.
