This letter will confirm that products itemized below manufactured for and distributed by Dependable food Corp. has been prepared either prior to the offset of the 2020 - 2021 Yoshon season or manufactured in companies who exclusively use Yoshon Flours and ingredients (where applicable) in their productions. Products listed below with an \* are produced in facilities where special arrangements were made to produce with Yoshon flour.

As in the Past, arrangements were made with some Mills we deal with, to freshly mill stored Yoshon wheat kernels approximately twice a month via Hashgocho Temidis. For the flour milled prior to the cut-off date, arrangement has been made to store them in a Temperature and Pest controlled environment to address any possible concern of infestation.

### **Brand Names products:**

**Dependable, Masbia, and Dependable cuisine.**

**Flour.**

Dependable Brand: packed in 50 Lb. bags, High Gluten, Powerful and / or Dependable Bakers, were produced at a mill using old crop exclusively until manufacturing code date; **September 15, 2020**, afterwards it should have a Hebrew date on the sticker and the word Yoshon.
