## UOS Yoshon Update #6

### January 6, 2021 – The UOS of South Africa Yoshon Update #6

Just received today, January 7, 2021.

[TYNI Note: The last one we posted from the UOS was actually an alert on non-*yoshon* establishments, not an update on *yoshon* status of products. This #6 is the correct number listed on their update sheet.]

Some flours, phyllo doughs and pitas are updated with new cutoff dates. More non-*yoshon* establishment updates. The Direct Download Link is below:
