Kemach Foods Yoshon Alert

February 15, 2021 –Yoshon Alert from Kemach Foods

Kemach just released this announcement today:

“Good afternoon,

Due to unforeseen circumstances our latest production of Sandwich Cookies which historically has always been made with winter wheat and had no potential to be Chodosh was produced with spring wheat. As such the following products produced recently with the following code dates on them are CHODOSH even if the package says Yoshon on it.

25oz. Vanilla, Assorted, or Duplex (Code date: 033 21)

12oz. Vanilla and Duplex (Code date: 032 21)

Twist Top SLIMS (Code date: 039 21)

We are doing our best to make sure we do not sell any where the word "Yoshon" on the package has not been crossed out, however the potential for human error always exists.

This information is available on our website as well: www.kemach.com

All the best,

Kemach”

February 12, 2021 – Audio Deleted From Our “Yoshon Audio Shurim” Page

It turned out our one Persian audio had nothing to do with *yoshon*, so it was removed. We do still have two nice ones from Rabbi Shay Tahan in English. The link is below:
