Project Chodosh Update

The following was sent out to the email list:

July 13, 2021 – Chodosh Harvest has Begun

The harvest of Chodosh oats has begun. We do not yet have an exact cut off date yet. That should be finalized next week.

Those who stock up on oats, should do so as soon as possible. If the harvest continues on its current track, Chodosh oats can hit the market as early as July 23rd.

The wheat and barley harvests are due to begin shortly.

The Durum Wheat harvest should begin in about 2 weeks.

Updates will be sent out when they are available.

These dates are much earlier than usual.

The chodosh textline will resume normal operations after Tisha B'Av and will be answered nightly Sunday-Wednesday. We will try to answer Thursday as well. The texts are not checked on Erev Shabbos at all. Texts can be sent to 914-522-0096. **DO NOT CALL THIS NUMBER!!**

The chodosh hotline will be answered once a week, Sunday or Monday beginning after Tisha B'Av. Questions can be called in anytime during the week. You can call 718-305-5133.

The printed guides should be mailed out before Rosh HaShana.
