FRESKO United Airlines Kosher Meals

In response to the most 'Frequently Asked Questions' we have received about the kosher status of **FRESKO** airline meals, we have prepared the following summary to aid the kosher traveler. Please note that the information below applies only to FRESKO meals served on United Airlines flights.

CERTIFICATION: All FRESKO United Airlines meals are dually certified by STAR-K and by Tartikov Kashrus - Rabbi Yechiel Babad.

YOSHON: *Yoshon* status is noted on the ingredient panel. See sample label below.

Note that labels may change at *any time* and so it is important to check the label on *every meal* you receive. In general, do not assume airline meals worldwide are *yoshon*, so be sure to always inquire. Flights leaving Eretz Yisrael (with reliably certified meals) are always *yoshon*.

GLATT: All meat and chicken is Glatt, *chassidische shechita*.

PAS YISROEL: All sealed packaged breads and cakes are *Pas Yisrael*.

LEAFY VEGETABLES & QUINOA: These are always checked for *tolaim*.

ROLLS: The liquid in these rolls is primarily apple juice. Regardless, STAR-K views these rolls as *Hamotzi*.
